Year of Manufacture

75

Month of Manufacture

[2] Month of Manufacture	
A - January	G - July
B - February	H - August
C - March	J - September
D - April	K - October
E - May	L - November
F - June	M - December

Lot Number: ABC75A-056382A

Propellant Lot Number Components

Component Definition	Component Part
Manufacturers Identification Symbol	ABC
Year of Manufacture	75
Month of Manufacture	A
Lot Identifier Code	**0**

Lot Identifier Code: 0 for regular lots or a letter for non-

[3] Non-standard Lot Codes	
A	First Article Lots
C	Master Calibration Lots
E	Experimental Lots
G	Regrouped Lots (includes reblended propellant lots)
H	Hybrid Lots
L	Functional Packed Lots
M	Modified Lots
P	Manufacturer's Production Control Lots
R	Reference Lots
S	Special Lots (Proving Ground Tests, Special Requirements, Special Tests, Engineering Tests, etc.)
